How to Download povo2.0 App with Android

In order to download Japanese apps, you must first create a Japanese Google account. Please follow the steps below.
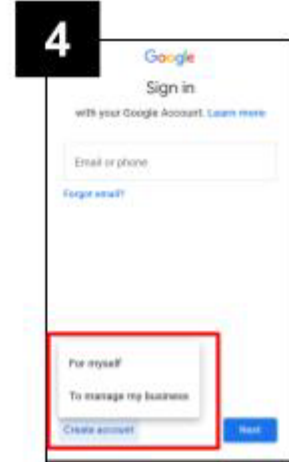

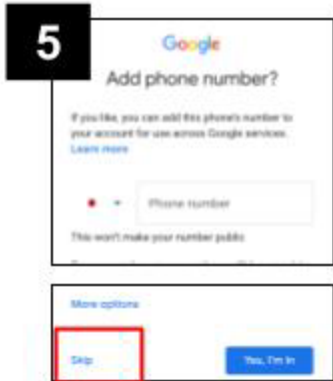

1

Open Play Store

2

Click on your account on the top right

3

Click this button 「▼」
Afterwards click "Add another account"

4

Click "Create account" at the bottom left
Click "For myself" as it pop ups.
Follow the procedures as seen on your phone

5

At the "Add phone number" part, you should be able to hit "Skip" on the bottom left.

*If the "Skip" button does not appear, please wait around 30 minutes and try again from the beginning.
If it still does not work, we recommend asking a friend that has a Japanese number to get the verification code.

6

Once the account has been made, go back to Play Store's home page and change to the new account.

7

Scan the QR Code above.

8

You should now be able to install the povo App.
